EDUCATION

NIT Calicut | 2014–2018 | Kerala, India

Bachelor of Technology

EXPERIENCE

Scaledino | January 2023 – August 2023 | Hyderabad, India

Software Development Engineer

- Developed the frontend using Next.js for a seamless user interface.
- Reduced page load time by 30% through code-splitting and lazy loading.
- Improved user retention by optimizing site responsiveness.

TrueMeter | February 2022 – October 2022 | Remote

Frontend Developer

- Delivered pixel-perfect, responsive pages with MaterialUI and React.js.
- Built a usage-based billing platform for SaaS with consumption-based pricing.
- Architected updates using Bash/YAML configurations and audited application stability.

AppicateAI | January 2021 - January 2022 | Remote

Frontend Developer

- Developed a responsive, cross-browser UI framework with React and Redux, reducing code redundancy by 50% and boosting feature delivery by 30%.
- Partnered with UX to build a data-driven dashboard, increasing user productivity by 25% and achieving 98% stakeholder satisfaction.
- Integrated complex API data into dynamic UI components.

PROJECTS

Pricing Experimentation

- Built the TrueMeter website from scratch, a subscription management and revenue optimization platform for software companies, enhancing user retention and ARPC growth.

ChannelKart App

- Developed and launched an SEO-optimized ChannelKart in collaboration with the developer team.
- Coordinated daily with a cross-functional team of engineers and designers.

PROGRAMMING SKILLS

Frontend : Next.js, JavaScript, React, TypeScript, HTML5, CSS3
